

AIRMAR Weather Station Repair Policy

When the product is received, Airmar will assess its repairability and warranty status.

AIRMAR will provide a repair quote if the unit is repairable but out of warranty. We will proceed with the repair and return the unit upon customer approval.

If the product is ineligible for warranty coverage due to misuse, damage caused by the end user, or exceeding the warranty period, it may incur the specified repair fees.

Repair Work	Fee
Evaluation, Inspection, and repair of minor damage to the product	\$120
Repair of major damage to product.	Up to \$500.00

The repair fees listed are approximate. Airmar reserves the right to modify the Repair Policy and Fees without prior notice. Repairs may utilize either new parts or parts in a similar condition to new ones. The evaluation fee will be rolled up into the total repair cost if the unit is repairable.

Airmar does not offer repairs for products that have been discontinued or designated as end-of-life. If the repair cost exceeds \$500, the unit will be considered unrepairable and scrapped, with the evaluation fee cost still being incurred.

Please be aware that the repair process may require up to 20 business days from the product's receipt. These repair services are mainly tailored for our US customers.

***Buyer must prepay repair fees for services Transportation charges on warranty. Airmar will prepay return surface transportation charges. ***
